## Profile

Passionate developer with a strong foundation in software development and a solid academic background in Information Systems from Tarumanagara University. Experienced in building mobile and web applications with a focus on clean, maintainable code and user-friendly design. Dedicated to delivering reliable and scalable solutions through problem-solving and continuous learning.

## Experience

### Dec 2024 - Present

*West Jakarta,  
Indonesia*

### Full Stack Developer | **Silvertech Asia**

- Migrating Jetpack Compose app to Compose Multiplatform, researching compatible libraries for both android and IOS.
- Developing a kiosk app using native Android features like services, workmanager, notifications, and broadcast receiver.
- Maintaining company's enterprise application using Next.js & Fastify

### Feb 2024 - Aug 2024

*West Jakarta,  
Indonesia*

### Android Developer Intern | **PT. Interskala Mandiri**

- Developed Android applications using Android Studio and Java to meet company requirements.
- Implemented MVVM and MVP architectural patterns to ensure clean, maintainable, and scalable code.
- Utilized Retrofit library for seamless interaction with RESTful APIs.

## Education

### Tarumangara University

*Jakarta, 2021 - 2024*

### Information Systems Graduate

- GPA : 3.91

### Web Dev Bootcamp

*Udemy, 2024*

### The Complete Web Development Bootcamp by Angela Yu

- [ude.my/UC-c4cacdc4-b01f-4350-9fed-02875647cbb1](https://www.udemy.com/course/the-complete-web-development-bootcamp/)

## Latest Projects

### Swift Point of Sales Mobile App - [Ongoing](#)

- A mobile Point-of-Sale app for small businesses, features including product input, cashier, cart, sales, and QR-based payment flow built using React Native Expo.
- Integrated Midtrans QRIS for secure, real-time digital payments, allowing customers to scan and pay directly.
- Designed a clean, intuitive UI optimized for fast transactions and ease of use in busy retail environments (aiming to publish on playstore soon).

### Pretty Closet Catalog Website - [View Project](#)

- Built a thrift product showcase site as a freelance project using Next.js and Supabase.
- Built and maintained an admin dashboard for product management, including item uploads, edits, deletions, and status updates.
- Delivered a responsive, user-friendly interface that aligned with the client's branding and worked seamlessly across devices.

### Best Interia Commerce Website - [View Project](#)

- Developed a full-featured e-commerce website for Best Interia, enabling product browsing for home interior items using React, Express and PostgreSQL.
- Integrated cart functionality and order tracking, providing a smooth shopping experience from product selection to checkout.
- Collaborated with the client to ensure the design matched their brand identity, delivering a responsive and scalable solution across devices.

## Skills

### Frontend

Next.js  
Jetpack Compose  
React Native Expo  
Compose MP  
Remix.js  
HTML / CSS  
Tailwind CSS  
Bootstrap  
Material Design  
MVVM Architecture

### Backend

Node.js  
Express  
Stric.js  
Fastify  
Redux  
Zustand  
Redis  
PostgreSQL  
Supabase

### Tech Tools

Github  
Vercel  
Docker  
Cursor  
Firebase Notif  
Supabase Auth  
Postman  
Payment Gateway

### Language

Typescript  
Javascript  
Kotlin  
Java
